COURSES AT SCHOLARS HUB

11TH & 12TH

NEET / MEDICAL - Physics, Chemistry, Biology

JEE - (Mains & Advanced) Non-Medical
Physics, Chemistry, Maths

COMMERCE - Accounts, Economics, B.Studies

NDA | HUMANITIES

6TH, 7TH, 8TH, 9TH & 10TH

MATHS | SCIENCE | S.S.T | ENGLISH

...A letter to the parents from Director's desk of Scholar Hub :-

With due regards, I would like to say that today the atmosphere around is very confusing in two aspects. First, to which stream a child should go as per his natural ability. Secondly, if the child has chosen a field, from where he or she should get guidelines. In both these major issues, **Scholars Hub & its competent team**, is at your services.

Not only our result oriented, experienced and expert faculty teach your ward but also serve as true mentors. From time to time, **motivational cum career choice oriented sessions** are conducted here. In both **foundation stream (8th, 9th & 10th)** and **career line classes (+1, +2)**, we are highly focused on **concept building, strengthening the basics**, needed as per the requirement of latest paper patterns prescribed by different Boards and Competition Teams.

Weekly tests, monitoring the scores of the students at individual level, intimating parents via our mobile app and regular Parent Teacher Meeting will be our first priority. The special feature, I would emphasize about **Scholars Hub** is that **not only we cover CBSE syllabus but do it twice in one academic session**.

Personality groomings & improving communication skills of the child, will be important area where we will focus. So, I as a director of the organization, assure you personally that all needs of the students of 8th, 9th & 10th or +1, +2 medical, non-medical, commerce stream will be catered under one roof. Separately, extra care is provided to weak students & to clarify doubts.

With sincere regards
Atul Bhatia

SCHOLARS HUB Utilizes state of the art technology and innovative approaches for teaching throughout its curriculum.

- Digital Classroom
- Interactive Touch Panel
- Teaching with Help of PPT Slides, Video, Images for Better Understanding
- Live Classes Being Recorded with 4k Resolution PTZ Cameras

SCHOLARS HUB STUDENTS DID IT AGAIN !!
